INTERVIEW SUMMARY

Mail Stop AF  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

This paper memorializes a telephonic interview with Examiner Spittle on July 13, 2006 in the above-captioned case in which the below-signed Applicant's Representative participated. In the telephonic interview, Applicant's Representative indicated that the Examiner's Advisory Action was ambiguous in that it was not clear whether Examiner meant that Applicant's Amendment in Response to Final Rejection dated June 19, 2006 overcame the outstanding rejections (indicating the case may be allowable pending the outcome of a new search), or that the rejections would be maintained. The Examiner confirmed that the outstanding rejections would be maintained.

Respectfully submitted,
